

DOCUMENTATION PANEL FEEDBACK FORM

Name: _____

Panel: _____

Use the following criteria as you consider the panel's effectiveness:

- Is the science content, with which the children were engaged, evident? What is it? Where is the evidence?
- Is children's inquiry process evident? What is it? Where is the evidence?
- Does the panel provide important background information? Do you understand what you need to know about the setting, timing, and what the children were doing?
- How well do photographs capture children's engagement and actions?
- How well do the work samples and quotes illustrate the important message about science engagement and learning?
- One thing that is really good about this panel:
- One suggestion for improvement:
