Place a check mark (✓) next to each meal or snack you serve. Do not count meals served to your own children. If you are on the Food Program, use this form to track your nonreimbursed meals only. Add the reimbursed meals from your monthly claim forms and the nonreimbursed meals from this form together, and put the totals on the year-end meal tally on page 95. If you are not on the Food Program, use this form to track all your meals, and put the totals on the year-end meal tally on page 95.

Make copies of this form for each week of the year. If you have six or fewer children in your program, you can use one form for two weeks. You can download this form at the Redleaf Press website. Go to [www.redleafpress.org](http://www.redleafpress.org), and find the page for the *Redleaf Calendar-Keeper 2023*. There will be a link to this form.
