# Chapter 1: Begin with Yourself

## Practice What You've Learned

### Notes about Your Current Approach to Curriculum Planning

Use these questions to help you reflect on your approach to curriculum planning.

1. When you begin planning curriculum, what is your process, your starting place, and your focus?

---

---

---

---

---

---

---

---

---

---

2. When you look over previous curriculum plans you've developed, what do they offer that includes or involves complexity and experiences that are meaningful for the children?

---

---

---

---

---

---

---

---

---

---

3. How could you improve your current curriculum approach using the information from this chapter?

---

---

---

---
