## Chapter 3: Guiding Children's Play and Learning

### Share Your Reflections with Christina

Write a message to Christina Aubel with your reflections on how she coached the teacher to guide children's behavior in "Chelsea's Teacher."

Consider including your thoughts about the following:

- What is Christina's view of children, and how does her view impact how she coaches the teacher?
- What is the teacher's view of Chelsea, and how is this different from Christina's view?
- If you were the teacher Christina was working with, how would you respond?
