Chapter 6: Putting Academic Learning in Its Place

## Practice What You've Learned

## Notes about Your Current Approach to Teaching Academics

Use these questions to help you reflect on your current approach to teaching academics. Write your responses in the space provided.

1. What specific routines in your current classroom culture promote wonder, curiosity, and learning about learning?

2. Where could you introduce more specific attention to giving children vocabulary for scientific inquiry or academic learning domains?

Reflecting Children's Lives: A Handbook for Planning Your Child-Centered Curriculum, second edition, by Deb Curtis and Margie Carter, © 2011. Published by Redleaf Press, www.redleafpress.org. This page may be reproduced for classroom use only. 3. How will you strengthen your own knowledge of children's learning in a particular academic area?
