

## READ AND REFLECT 7: REVISIT SINKING AND FLOATING

Name: \_\_\_\_\_

Reread the sinking and floating section of the teacher's guide. As you reflect on what you read, consider how the *Exploring Water with Young Children* approach to sinking and floating is similar or different from what you have done with children in the past. Record your thoughts about these similarities and differences on the following questions. Be as specific as you can.

1. How is the approach to inquiry and science concepts similar or different?

2. How is the role of the teacher similar or different?

3. What are the strengths of each approach?

4. What are the challenges of each approach?
